# CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

## 9-1-1 Outages/Remote/Community Isolations

- None reported.

## Service Interruptions

- None reported.

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- A Heat Advisory has been issued for the central and northern Sacramento Valley today. Highs will make it into the lower 100s.
- A slow cooling trend through the end of the week dropping to near normal by Friday.
- A slight chance of afternoon mountain thunderstorms early next week.

## **SOUTHERN CALIFORNIA**

- A few strong thunderstorms could pop up over the higher elevations of the Sierra this afternoon.
- Cloud to ground lightning, thunderstorms can bring strong, gusty winds and locally heavy downpours.

### **Weather Advisories, Watches, and Warnings currently active in California:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca>

### **Active Weather Warnings, Watches and Advisories by County:**

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**06/18/19 - 06/24/19**

## **Tuesday-Wednesday**

- Creeks, streams and rivers are experiencing higher water flows due to recent snowmelt
- Isolated thunderstorms are possible, primarily along the Sierra
- A drying trend is expected for Tuesday and Wednesday, with very limited thunderstorm activity
- Moderate to High heat risk will continue especially for the Central Valley
- The hottest day of the week will be Tuesday
- With vegetation continuing to dry, fire weather concerns will remain elevated (but not critical) through this week

## **Thursday-Monday**

- A cooling trend will reduce or eliminate heat concerns
- Many rivers will still be running high and fast through the end of the week
- Gusty winds are expected again for the mountains and deserts of Southern Region Thursday and Friday
- Winds will elevate fire concerns in these areas

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions

- **2019-LAW-2465 06/17/19, 1522 hours:** The Mendocino County Sheriff's Office contacted the CSWC requesting two Human Remains Detection (HRD) canines for a water search for downing victim. I contacted the Cal OES Canine Coordinator who is coordinating two HRD canines for use on 06/19/19. Briefing will be held at Lake Mendocino south boat ramp at 0800. **MISSION ONGOING.**
- **2019-LAW-2441 06/17/19, 0958 hours:** The CSWC was contacted by International Emergency Response Coordination Center (IERCC) advising of an SOS InReach device activation. The device plotted out to coordinates 37.063580 / -118.492978 in King Canyon National Park. The device is near Palisade Lakes. The device had a message reporting a 25 year old male with possible broken ankle and toes who is with a party of three and cannot hike out. CalOES Law Duty Officer contacted Kings NPS who was aware of the mission and was coordinating a response. **Update 06/17/19, 1918 hours:** Kings Canyon National Park dispatch advised the injured hiker was extracted and transported by helicopter to a local hospital. **MISSION CLOSED**
- **2019-LAW-2435 06/17/19, 0943 hours:** On 06/16/19, 1139 hours, a plane crashed into Lake Tulloch near Jamestown. The Calaveras County Sheriff's advised they have located the airplane at the depth of approximately 115'. A mission number was requested in order to seek mutual aid dive teams to remove the pilot and aircraft. An underwater remote operated vehicle (ROV) located the plane upside down and it appears the pilot is still inside. A mutual aid request for dive teams was made and met with negative results. This depth is outside most local LE mutual aid dive team capabilities due to safety. Calaveras has opted to use a dive salvage company to recover the plane and occupant. **MISSION ONGOING.**
- **2019-LAW-2380, 06/15/19, 2201 hours:** Inyo County Sheriff's Office requested mutual aid ground searchers to assist them with a missing person search at Mt. Whitney. The missing person is a 41 year old male whose rental car was found at the trail head on 06/15/19. Requesting as many Type 1 ground searchers from China Lake Mountain Rescue (CLMR) - Kern County, as they are familiar with Mt. Whitney and are relatively close. CLMR accepted the mutual aid request and committed available personnel who will meet at the Lone Pine Airport on 06/16/19 at 0800 hours and work with Inyo County Sheriff's Office searchers. **Update: 06/16/19, 1652 hours:** Inyo and CLMR teams securing due to heavy thunderstorm activity. Did locate some clues but not the missing person. Both teams will reconvene at Lone Pine at 0700 hours on 06/17/19 to start a second operational period search. **Update 06/17/19, 1513 hours:** Inyo County Sheriff's Office requested 30 type 1 MRA ground searchers. The date of the search is Wednesday 06/19/19 at 0800 hours and is planned for three daytime operational periods. The request is for three day shifts for responding searchers. Inyo has also requested one CH47 to transport ground teams which was approved. **MISSION ONGOING**

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Missions - Continued

- **2019-LAW-2183, 06/11/19, 1230 hours:** Yosemite National Park requested underwater side scan sonar equipment to locate a subject believed to have drowned in the Hetch Hetchy Reservoir. The adult male fell into Rancheria Creek just upstream from the reservoir on 06/06/19 and has not been located. Merced County Sheriff and Tulare County Sheriff both have the needed equipment, and are checking availability for a mission later this week. **Update: 06/13/19, 1904 hours:** Spoke to Yosemite NPS IC who has to coordinate approval with the City of San Francisco before any vessel can enter the water at Hetch Hetchy Reservoir. No expected date for required vessels to enter the water, possibly Monday, 06/17/19 if approval can be secured. Tuolumne Sheriff is aware of this situation per the IC and is on standby. **Update: 06/14/19, 1910 hours:** Yosemite National Park is still waiting for clearance from the City of San Francisco before any vessel related to the search can enter Hetch Hetchy Reservoir. There is no ETA on approval. **Update: 06/16/19, 1903 hours:** No change. **Update: 06/17/19, 1700 hours:** [The request has been sent to SFPUC with no movement due to restrictions that cannot be agreed upon by agencies wishing to help.](#) **MISSION CLOSED.**

# Cal OES MISSION TASKING

## Cal OES Missions

- **2019-Inland-2135:** Air monitor requested to monitor air quality in Yolo County due to the Sand Fire (On Scene)

# *Cal* OES

---

GOVERNOR'S OFFICE  
OF EMERGENCY SERVICES

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
